TRAINING OVERVIEW

“Leadership is a process of social influence in which one person can enlist the aid and support of others in the accomplishment of a common task”. To do this, we need very specific skills sets in order to achieve results. This 1 day workshop is an intensive training designed to give your teams the skills of empowered Leadership. Learn the psychology of Leadership and influence, advanced communication techniques and skills to make decisions and motivate your teams.

Some of the biggest challenges in the Manufacturing Industry include high employee turnover, lack of team work, difficulty in motivating teams, lack of efficiency & productivity, Dealing with the generation gap, unskilled Leaders (they were highly skilled at their job, but got promoted without the ‘people’ skills). Has your organisation been experiencing any of these problems?

BENEFITS OF THIS LEADERSHIP TRAINING

- ☑ Understand the Psychology of Leadership & Influence
- ☑ Learn the 10 core Leadership skills, of great Leaders
- ☑ Advanced communication techniques
- ☑ Techniques for preventing & resolving conflict
